

7) Calculate intersection of two images and display the intersection image.

```
a=imread('cameraman.tif');  
subplot(1,3,1);  
imshow(a);  
b=imread('pout.tif');  
c=imresize(b,[size(a,1) size(a,2)]);  
subplot(1,3,2);  
imshow(b);  
subplot(1,3,3);  
d=bitand(a,c);  
imshow(d);
```
